My name is Gefter Timur. I am a **computer science enthusiast** mostly interested in DL, CV and robotics. My current ambition is to join the self-driving or robotics team.

EDUCATION

Bachelor's Degree in Computer Science / Applied Informatics

Studying programming, data analysis, algorithms, databases, linear algebra and software development

HSE University 📍
2024 – present 📅

WORK EXPERIENCE

Data Analyst, Hiking Department

Analyzed product and sales data, prepared reports and supported data-driven decisions for the hiking product category

Decathlon, Moscow 📍
November 2023 – March 2024 📅

Student Developer / Data Analysis Projects

Solved academic and practical programming tasks in Python, C++, SQL and machine learning

HSE University 📍
2024 – present 📅

PROJECTS

LaTeX Resume Automation

Created a LaTeX resume and configured reproducible PDF build using Docker

github.com/geftertimur 🌐

Data Analysis Projects

Analyzed datasets using Python, pandas, NumPy and scikit-learn; worked with regression, classification and model evaluation

Text Classification Project

Built machine learning models for text classification using bag-of-words, TF-IDF, Word2Vec and Logistic Regression

Computer Vision and Robotics Practice

Worked with OpenCV, PyTorch, Open3D, ROS2, Docker and Linux-based development environments

SKILLS & LANGUAGES

Programming

●●● Python ●●○ C++
●●○ SQL ●●○ LaTeX

Python stack

● OOP ● Async programming ● NumPy
● OpenCV ● PyTorch ● Open3D ● pandas
● scikit-learn

C++ and CS

● Object-oriented programming ● Data structures
● Basic algorithms ● Linear algebra

Tools

● Git ● Docker ● Linux ● Networking utilities
● GitHub Actions ● Overleaf

Languages

●●● Russian ●●● English
●○○ French

PERSONAL INTERESTS

📌 Deep learning 📌 Computer vision 📌 Robotics
📌 Trekking 📌 Mathematics 📌 Climbing
